“Marie Antoinette loved hosting private parties. She was a fan of anything luxurious, elegant, and over the top. Through our Marie Antoinette-inspired styled shoot, we wanted to bring to life a glimpse of her opulent private parties.”

ABOUT THE COUPLE

It was love at first sight for Andreea and Alex Milne. “When we locked eyes, we both had an instant connection and smiles on our faces,” shares the groom. After meeting at a vegan restaurant in Vienna in June 2018, the chance encounter quickly turned into an evening stroll, and then later into a midnight swim. The next day, the now-newlyweds took a spontaneous flight to Monaco, and have been together ever since. Alex popped the question before Christmas. While Andreea was at a hair appointment, Sahar Sarband of **MODERN MINT EVENTS INC.** helped Alex plan the ultimate proposal, which included filling their house with golden “marry me” balloons, hundreds of lit candles, and a giant heart made out of rose petals. After Andreea walked in, Alex led her to the centre of the room and picked up their beloved dog, who had the ring around her neck. The second surprise of the day came when their family and friends came out of the guestroom with champagne to congratulate the happy couple.

The wedding took place on July 6, 2019, in Vancouver, British Columbia. **MODERN MINT EVENTS INC.** provided full-service planning and design assistance for the couple’s special day. Andreea and Alex were wed in an outdoor ceremony on the rooftop of the **JW MARRIOTT PARQ VANCOUVER**. The couple said “I do” on a raised altar stage by **ÉCLAT DECOR INC.**, surrounded by dramatic draping by **KONCEPT EVENT DESIGN**. After the groom walked the aisle to a bagpipe performance, the couple’s two dogs joined in the celebration, making it a true family affair.
